The Texas Board of Professional Engineers' policy is to respond to each written complaint concerning the Board's services within 10 working days. If resolution is not possible within 10 working days, the written response to the complainant will indicate when the customer service representative expects to provide a resolution.

Other examples of collaboration included working with the CBD Alliance on the “Peoples’ response to the High□Level Summit on Biodiversity,” and playing an active part in a global coalition of climate justice groups that launched the “Liability Roadmap.” We also joined climate justice groups in a five-day online event, “From the Ground Up,” organized by the COP26 Coalition and co-hosted an event on forests, bioenergy and monoculture tree plantations called “Resisting our destruction: forests, bioenergy and monoculture tree plantations” on 16 November.

The teacher should have skilfully planned some activities which then enable the children to: • fix any misconceptions or errors they have previously made; • edit and improve their own work after benefiting from the direct verbal feedback; • practise or build on their successes from the previous lesson. Activities responding to feedback will depend on the area of learning, the age and ability of the children. In many cases, they will include editing and improving children’s own work, using the feedback as a focus. Meanwhile, the teacher (and teaching assistant) will circulate and provide specific verbal feedback to some individual children, to guide their next steps. In EYFS and KS1, small-group and individual feedback will be given and acted upon in improvement groups, which might run at any point during the day, and activities to address misconceptions and next steps in learning will often be built into continuous provision. In reviewing children’s work, and in the process of editing and improving, not every error should always be identified or fixed. For example some spelling errors may remain on a finished piece of writing – this is because teachers use professional judgement to target and prioritise specific aspects of teaching and learning. Each piece of work – and therefore each cycle of feedback – is part of a much bigger, long-term developmental process. Following up on Feedback – monitoring the impact We expect the impact of feedback to be evident in the children’s work. Persistent errors should be swiftly identified and dealt with; where this proves impossible through Quality First Teaching, additional provision must be planned and delivered. It is the class teacher’s responsibility to reflect on the impact of their own feedback, and regularly check from their feedback grids that issues identified earlier in the term have now been addressed. Subject leaders and senior leaders will monitor this closely, and it will be an important focus of work scrutiny. Governors will oversee this policy and its implementation. Policy created: October 2018 Date for review: September 2019

Ce sont le professeur Eddy Louchez (Historien de l'UCL et membre du COBEPS) et messieurs Patrick Ferryn et JeanMarc Wattecamps qui ont brossé le portrait du phénomène, de la vague belge dans ce contexte et les dernières observations en Belgique. Cette présentation de plus de deux heures a permis de recueillir deux témoignages de l’époque de de la vague belge.

3. Various Matrices: (a) Unitary Umatrix between zero energy states is the fun damental one. Its rows corres spond to Mmatrices and are orhotogonal to each other in the inner product defined by the trace of product. Smatrix disappears in the product so that the basis of orthogonal square roots of density matrix is obtained.

As part of our work to expose the impacts of forest offsets for aviation we produced two short case studies: one focused on offsetting through industrial charcoal production in Brazil, which was published on International Civil Aviation Day, and another on the Valdivia biomass plant in Chile that is based on research undertaken in 2020 but will be published in mid-2021.

 The actual representation of complete dataset and reduction in selecting sample bias are the main advantage of stratified sampling. In a dataset different categories or different classes are represented by different stratum. The training records are reduced to two lakh examples by twice using the concept of stratified sampling.

To construct Lyapunov functions for systems with non□polynomial vector fields, the vector field is rendered polynomial using auxiliary variables u that encompass the non-polynomial terms. Let u = g(x), where g(x) is a vector of non-polynomial functions that appear in the vector field. Then u will have its own dynamics, u˙ = ∂g ∂xx˙ , fu(x, u).

With our member group Biofuelwatch we published a briefing entitled “Can sustainability and greenhouse gas standards protect the climate, forests, and communities from the impacts of wood-based bioenergy?” We also submitted comments and inputs into a number of different EU consultations involving forest policy.

protagonisti/PROGRAM: Građanska inicijativa za Muzil „Volim Pulu“ je mreža pojedinaca stvorena s namjerom upoznavanja Muzila, njegova otvaranja i javnog korištenja te raspravljanja o njegovoj budućnosti. Članovi Inicijative 2009. godine prvi put dobivaju dozvolu za posjet Muzilu, ali prostor još nije trajno otvoren za javnost. Pojedine prostore od 2009. koriste Radio klub Arena□Pula, Sportsko-ribolovno društvo Delta i drugi korisnici u niskom intenzitetu. Grad Pula je krajem 2009. i početkom 2010. organizirao za građane tri posjeta poluotoku. || „Muzil, Mužilj, Mussil, mjesto koje je oduvijek služilo vojnoj namjeni, napušten je nakon skoro 200 godina. Čitav poluotok, koji zatvara južnu stranu Pulskog zaljeva, za građane nikad nije postojao. (...) Povijesna privilegija našeg trenutka, koju nije imala priliku doživjeti niti jedna generacija pulskih građana, privilegija je rasprave o budućnosti Muzila. Demilitarizacijom Muzila Puli je pružena mogućnost za potpuno nov razvoj grada. (...) Razdvajanje Pule od Muzila ne smije se nikad više ponoviti. Njegove ograde moraju nestati! Imamo priliku, snagu, volju i odgovornost to ostvariti.“ (Iz proglasa građanske inicijative za Muzil, preuzeto s: http://muzil.org/web/proglas) - MUZIL – PULA ORIGINAL PURPOSE: Military zone. STATUS: In 2007, Croatian Army left the Muzil peninsula, an extraordinary spatial resource for further development of Pula, with an intact nature and buildings with military purpose. The area of “devastation” is guarded by special unit the “Tigers”; demilitarized zone is in the property of the state. protagonists/PROGRAM: Citizens' Initiative for Muzil “I love Pula” is a network of individuals created with intention of introducing Muzil and its opening to public use and discussion of its future. In 2009, members of Initiative received permission to visit Muzil, but the area was not permanently open to public. Since 2009, some areas have been used by Radio club Arena – Pula, Sports Fishing Association Delta and other users in low intensity. At the end of 2009 and the beginning of 2010 the city of Pula organized three visits to the peninsula for the citizens. / “Muzil, Mužilj, Mussil, a place that always served a military purpose was abandoned after nearly 200 years. The whole peninsula, which encloses the southern side of Pula bay, never existed for the citizens. (…) Historical privilege of this moment, which none of the previous generations of Pula citizens had a chance to experience, is a privilege to debate about the future of Muzil. With Muzil's demilitarization, Pula was given the opportunity for a whole new development of a city. (…) Separating Pula from Muzil must never happen again. Its boundaries must disappear! We have the opportunity, the strength, the will and the responsibility to accomplish it.” (From the proclamation of Citizens' Initiative for Muzil, source: http://muzil.

Es hatte ein Mann einen Esel, der schon lange Jahre die Säcke unverdrossen zur Mühle getragen hatte, dessen Kräfte aber nun zu Ende gingen, so dass er zur Arbeit immer untauglicher ward. Da dachte der Herr daran, ihn aus dem Futter zu schaffen, aber der Esel merkte, dass kein guter Wind wehte, lief fort und machte sich auf den Weg nach Bremen: dort, meinte er, könnte er ja Stadtmusikant werden., Als er ein Weilchen fortgegangen war, fand er einen Jagdhund auf dem Wege liegen, der japste wie einer, der sich müde gelaufen hat. "Nun, was japst du so, Packan?" fragte der Esel. "Ach", sagte der Hund, "weil ich alt bin und jeden Tag schwächer werde, auch auf der Jagd nicht mehr fort kann, hat mich mein Herr wollen totschlagen, da hab ich Reißaus genommen; aber womit soll ich nun mein Brot verdienen?" "Weißt du was", sprach der Esel, "ich gehe nach Bremen und werde dort Stadtmusikant, geh mit und lass dich auch bei der Musik annehmen. Ich spiele die Laute, und du schlägst die Pauken". Der Hund war's zufrieden, und sie gingen weiter. Es dauerte nicht lange, so saß da eine Katze an dem Weg und machte ein Gesicht wie drei Tage Regenwetter. "Nun, was ist dir in die Quere gekommen, alter Bartputzer?" sprach der Esel. "Wer kann da lustig sein, wenn´s einem an den Kragen geht", antwortete die Katze, "weil ich nun zu Jahren komme, meine Zähne stumpf werden und ich lieber hinter dem Ofen sitze und spinne als nach Mäusen herumjage, hat mich meine Frau ersäufen wollen; ich habe mich zwar noch fortgemacht, aber nun ist guter Rat teuer: wo soll ich hin?" "Geh mit uns nach Bremen, du verstehst dich doch auf die Nachtmusik, da kannst du ein Stadtmusikant werden." Die Katze hielt das für gut und ging mit. Darauf kamen die drei Landesflüchtigen an einem Hof vorbei, da saß auf dem Tor der Haushahn und schrie aus Leibeskräften. "Du schreist einem durch Mark und Bein", sprach der Esel, "was hast du vor?" "Da hab ich gut Wetter prophezeit", sprach der Hahn, "weil unserer lieben Frauen Tag ist, wo sie dem Christkindlein die Hemden gewaschen hat und sie trocknen will; aber, weil morgen zum Sonntag Gäste kommen, so hat die Hausfrau doch kein Erbarmen und hat der Köchin gesagt, sie wollte mich

Abstract: Generally, a taxpayer who sustains a product liability loss must carry the loss back 10 years. However, a taxpayer may elect to have such loss treated as a regular net operating loss under section 172. The election is made by attaching a statement to the tax return. This statement will enable the IRS to monitor compliance with the statutory requirements.

Britannica in the digital era. Technological changes, beginning in the 1980s with the development and spread of the personal computer and disc technology and quickening in the 1990s and 2000s through the Internet and widespread diffusion of broadband access, radically altered the publishing world generally and the encyclopaedia business in particular. The SEC and the Department of Justice are close to finishing up their review of that merger. It looks as if that will go through. Comcast will be this vertically integrated giant company that will be able to use its very popular online programming to make it very dif□ficult for any other aggregator of video online content to compete. It will be possible for Comcast to do this by selling their “TV everywhere” service at a price that is effectively zero. It will do this by bundling their “TV everywhere” service with the cost of their regu□lar cable service and so this will feel to most of their subscribers like a very attractive cost free package of video that gets them anything online that they want at any point that they are not in their home. Sports in particular drives this transaction. People cannot live with□out sports and Comcast controls access to sports will be the key to people subscribing as they will find that they cannot cut the cord. It is in Comcast’s interest to a make this merger is seen almost absolutely inevitable. They have hired almost hundreds former government employees to lobby the people they used to work for to make sure that this thing goes through and at NBC they are hiring and fir□ing and cleaning house in preparation for the merger’s consummation.

CREATING CHANGE IN THE WORLD (whole school) Matthew 6 v 19-21 Discuss the inequalities in the world and where/why/how they have come about and why it can be difficult to change them. Use the stories of real children and families around the world to demonstrate this – there are some examples on http://www.christianaid.org.uk/resources/games/stories/index.aspx Also talk about what is really important in life (Matthew 6 v 19-21) – by reading about children whose lives are different from ours and who cannot take safety or the basic needs of life for granted as we do, pupils should be encouraged to think about what has true value.

The due diligence initiative and other initiatives The due diligence duty should be made in accordance to international recognised guidelines within the area, such as OECD guidelines for multinational enterprises etc. Focus in this regard should be on processes and transparency rather than on results. To ensure a level playing field, the scope of the regulation should include large companies, both listed and non-listed companies. In addition, both compa□nies within the EU and companies operating in the EU but registered outside the EU should be included, otherwise the competitive situation for companies within the EU risks being deteriorated.
