The challenge lies in how the above conditions can be verified algorithmically. To this end, we take advantage of the computational tractability of the sum of squares decomposition in order to avoid the NP hardness of proving that a polynomial function is positive definite or positive semi-definite. -2- About a year ago, we consecrated the South Africa North First Principals Chapter No. 8288. This Chapter is fulfilling its purpose as a service Chapter within the District. I thank my Deputy for serving as the Preceptor of this important Chapter. This Chapter was consecrated and is anchored to the Transvaal District Grand Stewards' Lodge, whose number it bears. Indeed the Chapter has similar aims and objectives to Stewards' Lodge and has had an extremely active year assisting in Exaltations and Installation Ceremonies as well as delivering lectures. Lectures are being given to Royal Arch Chapters which encompass the Historical and Symbolical aspects of the ritual and the furniture and layout of the Chapter, so the Royal Arch Ceremony may be better understood and enjoyed. One of the recent developments to improve the understanding of our ritual is the issuing of a narration to all Royal Arch Chapters, to be presented at all exaltation ceremonies. This narration called "Setting the Scene" is based on a similar narration produced by the Provincial Grand Chapter of Cumberland and Westmoreland . It is a series of brief, clear and concise narratives, well written and easy to understand, given at clear breaks in the ceremony, starting with a brief outline to the Candidate outside. I thank E Comp Tim Smith for sourcing and adapting this narrative. I think with a better understanding of our ceremonies, in particular the story of the exaltation ceremony as it unfolds, will lead to far better retention of Members. Members of First Principals' Chapter have another important role and that is to lead the way in presenting more lectures about the Royal Arch in Craft Lodges. I am not suggesting that the First Principal's members hold a monopoly on this. In fact, there are many senior Royal Arch members who can perform this important function of presenting a talk on the Royal Arch in their Craft Lodge. I believe, it is important that our younger Craft Masons, the Entered Apprentices, Fellow Crafts and Master Masons are made fully aware of the close association of the Royal Arch and Craft in our Constitution. After all, on being initiated they should receive a copy of the Book of Constitutions and the first words they should read is the preamble to the Constitutions – "That Pure Ancient Freemasonry consists of three degrees and no more, viz. The Entered Apprentice, the Fellow Craft and the Master Mason including the Supreme Order of the Holy Royal Arch". I call on all of you to be pro-active in your own Craft Lodges and ensure that every Master Mason is brought into the Royal Arch as soon as possible. Companions, several years ago a directive was issued from the Grand Secretary who is the Grand Scribe Ezra, that each Craft Lodge should appoint a Royal Arch Representative and an item should appear on the agenda of Craft Lodges to receive a report on Royal Arch matters. Companions, I urge you to see that this is implemented. In conclusion Companions, I would like to thank the District Grand Directors of Ceremonies, E Comp Vaughn Williams and his team for the Ceremony today. In addition, sincere thanks are extended to District Grand Scribe Ezra, E Comp David Pickard, together with Mrs Fern Rowles and the administrative staff, here at Park Lane. I thank E Comp Graeme MacKenzie, Chairman of the Organising Committee and members of his committee and the substantial work of E Comp David Whitfield in organising seating, ticketing and printing, together with work carried out by E Comp David Johnston. I look forward to seeing you all at the Craft meeting later this afternoon. E Comp Prof E Guy Charlesworth Grand Superintendent, 3 October 2015

tion, a little bit of internet access and–everything that reaches Americans– and the cable guys will have the power increase charges as they already do if you sign up for their naked Internet access. They'll charge somewhat less if you take their TV services as well. And they will make the non cable version of anything quite unattractive. This is a tremendous policy issue for the country. Comcast which is the nation's largest Internet provider, the nation's third-largest phone company and the largest cable provider, wants to swallow up one of the five remaining oligopolies that provide content in this country as a result of which they will control a huge chunk of viewing hours.

Nel suo primo parere interamente dedicato a questo tema, il CESE raccomanda inoltre che sia l'UE che gli Stati membri s'impegnino fortemente per rendere più semplice la realizzazione di attività filantropiche transfrontaliere. Il Comitato, tuttavia, sottolinea che la filantropia non può sostituirsi allo Stato sociale e a solidi sistemi di protezione sociale basati sulla giustizia fiscale e su politiche occupazionali efficaci. Questi, anzi, dovrebbero essere rafforzati e ulteriormente sviluppati, il che consentirebbe anche di migliorare la capacità delle organizzazioni filantropiche di "colmarne le lacune" e di integrare i finanziamenti nei settori di nicchia in cui il sostegno pubblico manca o è insufficiente. "Riconosciamo pienamente la complementarità e il valore aggiunto innovativo che la filantropia può apportare alla coesione sociale promuovendo valori comuni e rendendo la nostra società più resiliente", ha dichiarato il relatore del parere Petru Sorin Dandea, sottolineando che le iniziative filantropiche dovrebbero continuare ad essere trasparenti e che tale trasparenza dovrebbe essere promossa da misure di sicurezza nazionali e a livello dell'UE. I dati mostrano che in Europa, negli ultimi tre decenni, le donazioni filantropiche sono aumentate rapidamente, con contributi che, in base a una stima prudente, ammontano ad
