More specifically, CIN refers to the potentially precancerous transformation of cells of the cervix.. CIN most commonly occurs at the squamocolumnar junction of the cervix, a transitional area between the ...

The Britannica guide to matter (eBook, 2011) [WorldCat.org] Encyclopedia Britannica, The study of matter is the study of all material things, as well as their ability to transform from one state to another. All matter assumes one of several basic states—solid, liquid, gas, and plasma being the most common.

Browser use is also being funneled into using “Snooping” browsers such as “Google Chrome” and “Microsoft Edge”. Right now users are warned they have an unsecure browser if they are not using either Chrome or Edge. It is a scare tactic to make people switch. Why do they want folks to switch? The best answer I can come up with is that these two browsers are scripted to call home and report where and what the user is doing on their browser. Anyone using these browsers can attest that their spam mail and pop up ads has increased after switching to either one of these browsers. What about Firefox? The jury is still out about Firefox. Apparently it is not being flagged at the moment as an unsafe browser by MS nor Google. So who knows if they are onboard with the big snoop conspiracy? There are still a lot of websites that don’t flag SeaMonkey either, however, some sites do warn about using SeaMonkey since it has popup protection and erases all traces of where one has been once the browser is closed.

The medical obligation bond has passed the PCCD Board. Now it must go for court approval. Social Committee Report: Jerry has asked Ralph Marinaro to plan something else soon. Membership Committee Report: George has been working on a telephone tree to try to add another 50 members to PRO. He now has 10 people to serve on the tree. Bruce would like George to write an article for the Newsletter to advise what to do if a retiree dies. Service Committee Report: Sondra reported that there has been no response to a request for tutors for the fall semester. Bruce suggested that the Committee recruit using email addresses. The Committee is also working on book donations, particularly reference books and contemporary fiction. Bruce said there has been a good response from retirees to be on tenure evaluation committees. Committee Chairs: Jerry asked each Committee Chair to give Juanita the names of their members. Sondra will email the names of the Service Committee members. Bruce offers each committee a web page on which they can list members, meeting times, etc. Jerry will contact Helen Bersie to confirm that she is the Chair of the Events/Program Committee. He will also contact Ida Pound as Chair of the Sunshine Committee. Other Business: Shirley Nedham said that it is not clear whether prescription numbers are needed on the District’s new prescription form. Retirees should check to see that their Kaiser Prescription receipts have numbers on them. Of not, the retiree can request Kaiser to provide a print-out that satisfies the need for prescription numbers. Shirley also reminded the Board that a notice should be put in the next Newsletter about dues for next year. [Not known at the time of this meeting, Shirley later learned from Jennifer Seibert that prescription numbers are no longer needed.] Non-Profit Status Report: Shirley Timm has two of the 11 signatures required to send the application to the State. She is not sure how long it will take for approval. The cost is about $150 for the federal application and $30 for the State. Shirley T. reminded us that a nominating committee is needed for the one-year positions on the Board. Nominations are to be announced in the next Newsletter and at the November Board meeting. It was agreed that the nominating committee members will be the Executive Officers. MSU (Bruce, Pat) that the meeting adjourn. The Next PRO Board meeting: September 7th, 12:30 pm, PFT Conference Room. The meeting adjourned at 2:15 pm. Respectfully submitted, Juanita Peterson, Secretary,

The data regarding to the air traffic is analyzed using the deep Recurrent Neural Networks (RNN) proposed in [2]. Here, flight delays are predicted using the RNN architecture of long short term memory. Also it discusses four different types of deep RNN in delay prediction The National Climate Data Center (NCDC) is helpful for collecting the weather data. In addition, other details on flight delays were obtained from Tran Statistics of [7]. The Airport Id used by FAA, longitude and latitude information, place, city and state of airports has been considered as the major factors. In addition to these factors, the following factors such as carrier, equivalent rain water, minimum and maximum temperatures are also play an important role. The Neural network, Decision tree and Regression models were tested but Logistic regression model is proved as a best model based on the Misclassification rate. Raj Bandyopadhyay in [8] have grabbed data from Bureau of Transportation Statistics for a subset of commercial flights in the United States regional goals in mind were: Identifying the factors causing the delay Delay prediction of individual delays Estimating amount of flight delay predicting the changing errors related to the size of training dataset, the primary analysis of linear regression model was performed.

La considerazione sociale del lavoro è crollata con il peggioramento del potere contrattuale e delle condizioni di lavoro della maggioranza dei lavoratori. Non solo in Italia, dove pure è esistito un movimento sindacale forte e combattivo, ma nel mondo perché la pressione della globalizzazione neoliberista ha spinto verso il basso il lavoro. Come ha detto con arroganza il finanziere Buffet: la lotta di classe l’abbiamo vinta noi.
